

Wednesday Night Information Minutes Reporting

Upon completion of the net, a list of all stations reporting in is to be sent to the Net Coordinator and the MARS President. It is also helpful if you include bullet points of announcements or sale items for reference.

While there is no set format for submitting the attendance list, below is an example of what has been submitted. So long as the necessary information is submitted, please feel to use whatever format you are comfortable with. *(Please note that there was a bit of a situation at the beginning of the net. But, as you can see, someone is always there to help out, the situation was rectified, and the net went on as usual!)*

Hey Guys,

Well, if you weren't listening, you missed a fun net.

Left the script on my desk, for some reason did not send a copy of the prepared script to my home email, cleaned out home email so had no previous script to use, and - oh yeah - discovered all this at 1959. (The voices in my head told me to take the script (that was under my keys) when I left, but I got sidetracked.)

I started the net working off memory, and Glen was my knight in shining armor and sent a script to me. While he did the Tech Talk, I was able to get back on track. Despite where we were in the order, in the interest of procedure, I went back to the beginning and cited the relevant items that were not mentioned. I am advising you in case someone says something to you.

Here is a recap of the items covered:

Check-in's:
KB5DRJ - David
KESMAR - Mike
W5IG - Lee
KE5OYZ - Pete
KE5VPJ - Michael
KESVCV - Mitch
K5CPD - Glen
W5WZY - Randy
K5TPK - Tom
KE5SAV - Joe
via net - Tom Brewer
KD5ZVL - Laura /NCS
Total of 12, incl NCS and net participants

MARS Announcements:
Babe's night
Next Meeting on 9OCT

Tech Talk:
ITU Frequency Allocations - given by K5CPD

B/S/S/T:
K5CPD has 40-50' of RG8 cable; free to anyone who wants it
W5WZY has a complete SB station; contact Randy via addr from roster

General Announcements:
I advised and Sante Fe Days from info off MARS calendar
Glen advised of Texoma Hamarama

The net started just at 20:01 and ended at 20:32.
